Senator Richard S. Schweiker
253 Russell Senate Office Building
Washington, D.C. 20510

Senator Schweiker:

Enclosed is an article published in the August 17th issue
of National Review. I call it to your attention because of the
horrifying story it unfolds. For thirty-four years _____ a
a Swedish Citizen, has been confined in various Soviet prisons
for the crime of aiding Hungarian Jews during the Second World
War. While the Soviet regime claims that he was executed in May
of 1947, many reports have filtered out of the U.S.S.R. contrary
to this claim, the most recent in _____. In January of this
year the Swedish government sought information about this man.
The Soviet reply was coldly indignant "there is, and cannot
be, anything new in the case of Raoul Wallenberg."

I do not send this article merely to add to what you al-
ready know-- that the Soviet government is cruel and deceit-
ful. It is my purpose rather to elicit your help for this
man. I urge you to contact the State Department for its help
and I ask you to speak out against this monstrous evil.

You may wonder why an Indiana resident would contact a
Senator from Pennsylvania on such a matter. First of all,
I have contacted Senators Bayh and Lugar and have asked the
help of my Congressman, Dave Evans. My wife is originally
from Philadelphia and I am a graduate of Westminster College,
New Wilmington, Pa, therefore I am not unfamiliar with your
record in the Senate. You have shown a clear and unwaivering
concern for humanitarian causes and have called upon the
Soviets to fulfill their pledges made under the Helsinki accords.
I ask you to continue this noble struggle by aiding a con-
certed effort on behalf of a man who sacrificed his liberty
that others might retain theirs.

Sincerely,
